

VIDHYAM NAGA SAI RAGHU KULATEJ

Reading, United Kingdom | +44 7721563467 | kulatej17@gmail.com

SKILLS

Python	Data Modeling	Fivetran
Snowflake Warehousing	Data Build Tool	ODI
Data Warehousing	Data Mapping	Oracle EBS
SQL reporting	Data Security	BI Publisher Reporting
Business Intelligence	Analytics	Power BI
Performance Improvements	Oracle SQL and Database	Logical Thinking

PROFESSIONAL EXPERIENCE

Infosys Ltd.

JUL 2022 - Present

Technology Analyst

- Designed and implemented ETL workflows to load and transform data into Snowflake, handling datasets up to 100GB, ensuring high data quality and performance.
- Developed over 20 SQL-based models in DBT to streamline data transformations, reducing processing times by 30%.
- Optimized Snowflake queries by leveraging clustering, partitioning, and caching techniques, improving performance by 25%.
- Built and maintained around 50 database objects, including tables, views, and materialized views in Snowflake, ensuring alignment with business requirements and improving query performance by 35%.
- Executed robust data pipelines for data warehousing, ensuring 85% reliability and accuracy in data delivery.
- Collaborated with cross-functional teams to gather requirements and develop scalable DBT models, improving reporting capabilities across more than 5 business units.
- Created and monitored ELT pipelines using tools such as Fivetran, ensuring seamless daily data ingestion.
- Maintained and documented metadata for beyond 100 DBT models and Snowflake datasets, improving data discoverability and governance.
- Wrote optimized SQL queries and scripts for ad-hoc analysis and automation, reducing manual data processing effort by 15 hours weekly.
- Troubleshoot and resolved pipeline and query performance issues, achieving a 20% reduction in system downtime.
- Established version control and CI/CD pipelines for 6 DBT projects, increasing development efficiency by 30% and enhancing code reliability across deployments.
- Analysed large datasets in Snowflake to uncover trends, enabling actionable insights that improved business processes by 20%.
- Collaborated with 3 Data Analysts and 2 Architects to design a scalable Snowflake data warehouse, supporting growing data demands.
- Designed custom Snowflake roles and permissions for business users, enhancing secure and compliant data access while reducing unauthorized access incidents by 30%.
- Created above 10 dashboards and reports using transformed Snowflake data, delivering actionable insights for stakeholders using Power BI.
- Led and mentored a team of junior analysts and engineers, coordinating task assignments, conducting regular 1:1s, and driving team performance to meet project deadlines.
- Managed end-to-end recruitment activities for the data engineering team, including screening candidates, conducting technical interviews, and collaborating with HR to onboard skilled professionals.
- Handled team management responsibilities including sprint planning, workload distribution, performance reviews, and stakeholder communication to ensure smooth project delivery.

Huawei Technologies India Pvt. Ltd.

OCT 2020 - JUL 2022

Graduate Engineer Trainee

- Gained 1.8 years of experience in the telecom domain, driving network operations that led to a 20% improvement in KPIs and significantly enhanced overall user experience.
- Specialized in 4G and 5G network optimization, KPI analysis, and report submission, consistently achieving performance improvements.
- Led hands-on projects across both Indian and global markets, including Drive Test Analysis, Network Optimization, KPI improvement, Cluster Optimization, and Cluster Analysis, resulting in a 15% improvement in user experience.

- Delivered 45 SSV and 80 SSO reports to stakeholders, ensuring data accuracy and performing testing to validate network functionality and performance.

EDUCATION

Bachelor of Technology in Electronics and Communication Engineering

Guntur Engineering College

Graduation Year: **2020**

CGPA: - 7.25

Intermediate(XII)

NRI Academy

Graduation Year: **2016**

Percentage : - 74.5%

Secondary School Certificate

Bhashyam High School

Graduation Year: **2014**

CGPA: - 7.7

COURSES & CERTIFICATIONS

Certifications

Infosys Certified E-Business Suite Associate

Infosys Certified ODI Technical Consultant

Infosys Certified ODI 12c Technical Consultant

Infosys Certified Microsoft Power BI Developer

Infosys Certified Oracle Business Intelligence Developer

Infosys Certified Snowflake Data Warehouse Developer

Oracle Cloud Fusion Analytics Warehouse 2023 Certified Implementation Professional

Oracle Cloud Infrastructure 2023 Certified Foundations Associate
